## WE BELIEVE

Portfolio construction is outdated and current methods are failing the American investor because, among other things, sequence of return risk is not properly being addressed.

## SO WE CREATED

### BUILD BOND INNOVATION™

Ticker: BLDCRX

We seek more repeatable outcomes to help investors achieve their financial goals. Build Bond Innovation™ is built from aspects of structured solutions, passive equity indexed investing and active fixed income management, guided by algorithmic rebalancing.

With a 90%+ investment grade fixed income core, this fund is designed for investors with a conservative risk tolerance. Our unique options overlay component seeks to deliver attractive total return when compared to other conservative funds or bond funds.

## Fund Objective

Capital appreciation and risk mitigation which is intended for an investor with a conservative risk tolerance.

## Fund Strategy

The Fund invests in fixed income securities and long call or long put options on an index, ETF or equity. The fixed income assets of the Fund may invest in investment grade fixed income securities—including U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, and asset-backed securities. The Fund is expected to maintain a dollar-weighted average duration of between 1 to 10 years. The fund typically invests at least 90% of its assets in bonds and bond instrument securities or ETFs investing in bonds and bond instrument securities. The remainder of the fund is invested in long call or long put options on an index, ETF or equity (the “Reference Asset”) (the “Options Overlay Strategy”). The Options Overlay Strategy is designed to provide a level of capital appreciation opportunity when the Reference Asset appreciates in price. The manager attempts to limit risk associated with the Option Overlay Strategy by limiting the weight of the total Options Overlay Strategy to no more than 10% of the Fund.

## Strategy Features

- **90-100%** fixed income and cash range (as a % of total portfolio)
- **Investment Grade (IG)** fixed income only
- **6.0 maximum average duration** of fixed income sleeve
- **Long only** call or put options on an index or publicly traded US equity
